Motivated BCA student with hands-on experience in MERN Stack development. Skilled in React.js, Node.js, Express.js, MongoDB, REST APIs, and JWT authentication. Passionate about building web applications, learning modern technologies, and seeking an internship or entry-level opportunity to grow as a developer.

PROJECTS

MERN Stack Authentication System

Developed a secure authentication system with JWT, email verification, password reset, and protected routes. Integrated MongoDB, REST APIs, Multer, and Cloudinary for user and profile management.

MERN Todo List

Developed a full-stack Todo application using the MERN Stack with JWT-based authentication, secure login/signup, protected routes, and CRUD functionality. Built REST APIs using Node.js and Express.js with MongoDB integration.
